

BRIO
HATCH

Life is more reliable in a Brio

With the Honda Brio our engineers began with a clear goal in sight. They wanted to build an affordable, compact and reliable car that balanced maximised interior space with a futuristic, edgy and functional design all the while fitting into a get-up-and-go lifestyle. The result is the Brio with its unique styling that raises eyebrows without sacrificing any of the usual conveniences. Keep up with your life with the Brio, and make it a part of you.

Modern, edgy design

A trademark that makes you stand out from the crowd is the sporty double triangle - the unique idea behind the modern styling of the Honda Brio.

The edgy chrome grille and fine character lines rising up from the dynamic headlights are a tribute to Brio's well thought out design. Complementing the character of the front are its sides which are created to exude a wave of vibrant energy.

Every bit of its exterior, from the protruding fenders to door mirrors with extra depth, is designed aerodynamically.

Stylish interiors

Get where you need to go in style.

Honda Brio's interior designers have achieved a combination of space along with quality finishes giving you the best comfort zone possible.

We want you to enjoy the ride - after all life is a journey not a destination.

- 01 Ergonomic and spacious interior
- 02 Stylish and comfortable seating
- 03 Sporty steering wheel with silver finish and steering-mounted audio controls for convenience
- 04 Power side mirrors
- 05 Ergonomically designed with steering mounted audio controls
- 06 Integrated USB and AUX features audio system*
- 07 Tilt steering for greater driving comfort
- 08 Air conditioning

Brio takes your space to the max

The Brio is a testimony to Honda's 'Man Maximum, Machine Minimum' principle that believes in maximising space for you and minimising space taken up by the machinery. The Brio's interior design combines a spacious and quality feel with a focus on actual cabin size used by you.

The entire interior has an openness that belies its compact exterior and has enough room for you to drive your car in comfort. Ease of entry and exit is another key advantage of the Brio while its unique design ensures that you get maximum outward visibility in all directions at all times.

- 01 Flexible boot space
- 02 Spacious glove box
- 03 Front door pockets
- 04 Cupholders

Trend

1.2 i-VTEC

5-Speed Manual Transmission

- Body colour front and rear bumpers
- 100% fold down rear seat
- Front intermittent wiper
- Air conditioning
- Electric windows - Front
- Tilt steering wheel adjustment
- Anti-lock Braking System (ABS)
- Electronic Brake-force Distribution (EBD)
- Driver and passenger SRS airbag
- Driver and passenger seatbelt pretensioning system with load limiter
- Rear window demister
- Central locking (key)
- Immobiliser

Comfort

1.2 i-VTEC

5-Speed Manual Transmission
5-Speed Automatic Transmission

- In addition to Trend 1.2 i-VTEC specs, Comfort has:
- Body coloured exterior door handles and side mirrors
 - Rear tailgate spoiler
 - Front and rear mudguards
 - Alloy wheels
 - Front fog lights
 - Audio with AM/FM, MP3, USB with AUX Speakers
 - Seat back pockets - Driver and passenger
 - Multi-function steering wheel controls
 - Bluetooth Hands Free Telephone (HFT)
 - Electric windows - Front and rear
 - Electric side mirrors
 - Rear wiper
 - Front 12V accessory socket
 - Central locking (with remote)

Impressive performance

Honda's advanced 1.2 i-VTEC (Intelligent Variable valve Timing and Electronic lift Control) engine delivers high power output with impressive fuel economy. It is a four-cylinder engine featuring Programmed Fuel Injection, delivering impressive performance with an awesome 65 kW at 6 000 rpm so that you never feel let down.

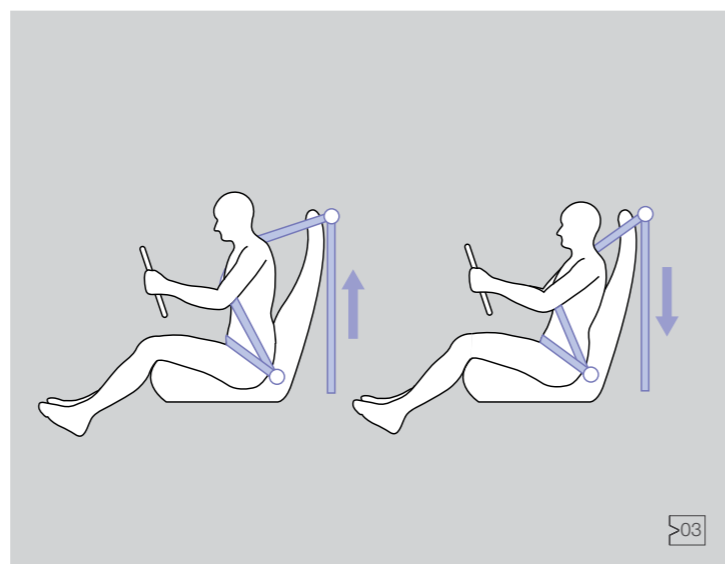

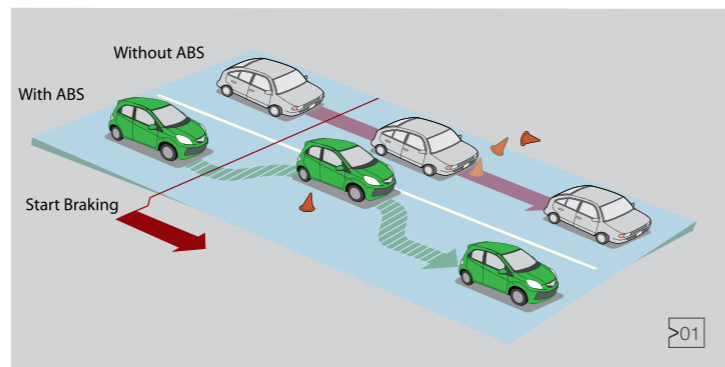

By regulating the valve opening to match engine speed, the agile i-VTEC engine adjusts its characteristics to deliver both superior power and low fuel consumption. Couple these with good emission levels and you've got a reliable ride that's eco-wise.

The Brio also comes standard with a 2 year / 30 000 km service plan.

Safety features

The Brio comes with a range of enhanced safety features. Honda's Brio's Advanced Compatibility Engineering body (ACE body) goes through the most stringent tests at the Honda Crash Test Facility and is especially designed to enhance self-protection while mitigating damage to the other vehicle.

- 01** ABS (Anti-lock Braking System) and EBD (Electronic Brake Distribution) offer optimal braking force on all wheels for enhanced vehicle control.
- 02** Driver and passenger SRS Airbags.
- 03** Pretensioner seatbelts with load limiter: In the event of a collision, the seatbelts tighten to keep the body firmly in place.

HONDA

The Power of Dreams

Indicated CO₂ and fuel consumption figures quoted are obtained when testing the vehicle in line with the compulsory requirements of SANS 20083 and therefore may not necessarily be achieved under day to day driving conditions. Actual fuel consumption figures may be influenced by a range of factors, including but not limited to vehicle maintenance, driving style and behavior. Fuel consumption may be further affected by the environmental factors and conditions under which the vehicle is operated including altitude, road condition and traffic flow. The figures used in this guide should therefore be treated as indicative only.

Honda Motor Southern Africa (Pty) Ltd. reserves the right to change and modify equipment or specifications at any time without prior notice. The models illustrated in this brochure may show specifications for various markets and not specifically for Southern Africa. They may include optional equipment and accessories not fitted as standard. Subject to error. For precise information, please contact your Honda Dealership. © Honda Motor Southern Africa (Pty) Ltd.
