LEXUS RX

RX

LUXURY HAS A NEW EDGE.

When you create the first-ever luxury SUV, you get to rewrite the rules. From the chiseled exterior to the elegant interior, the newly designed new-generation RX enhances the premium values pioneered by the model's previous generations. The alluring looks hint at the characteristic exceptional performance and agile handling you unleash when taking the wheel.

South African vehicle specifications may differ.
RX 450h model shown

EVEN ITS SHADOW DRAWS STARES.

From top to bottom, the RX lures drivers and passengers alike. Teasing at the performance beneath the hood is a bold exterior of dynamic lines that frame the assertive spindle grille before building into strongly flared fenders. The seductive strength brought out by the curves make one want to discover what it feels like in action.

DESIGN CUES Incorporated into the gleaming athletic appearance, stylish L-shaped premium LED headlights, rear lights, and floating C-pillars highlight the continuity this all-new RX redesign has with its Lexus pedigree.

POWER REAR DOOR Standard power rear door features new spindle-type electric motors. A memory function enables the user to set the automatic stop position of the rear door when opened. Power rear door switches are provided on the instrument panel, the wireless remote and the rear door garnish on the bottom end of the rear door.

EVERY ELEMENT, REFINED.

Discovering the redesigned interior of the RX is as much an exploration as an open road excursion. Exploring the stunning cockpit design reveals a meticulously hand-stitched dash and excellent finishes that accent each finely-appointed corner. The seductive innovation in the details presents an exquisite experience, as a whole and to the discerning eye.

South African vehicle specifications may differ.
RX 350 model shown

IMMERSIVE AUDIO VISUAL With Bluetooth and USB capability, the 12*-speaker 8-inch display incorporates, voice-activated navigation system with Remote Touch. Heighten the thrilling performance of the RX with the equally impressive available 12.3-inch colour display screen and organic TFT multi-information display.

POWER ADJUSTABLE SEATS Both front seats provide lumbar support and are dressed in perforated leather that is both heated and ventilated. A memory system also remembers driver preferences for unquestioned comfort. A heated leather-sheathed power tilt and telescopic steering wheel offers audio controls, plus a leather-wrapped shift knob. A reverse camera with Back Guide Monitor complements the available colour Heads-Up Display,** our largest ever.

* Available on RX350 only
** Available on RX450h only

South African vehicle specifications may differ.
RX 350 model shown

DON'T EVEN HAZARD A GUESS.

Like a rugged all-around athlete, the complete redesign of the RX features enhanced safety technology to offer peak performance in both offensive and defensive capacities.

FINELY-TUNED SENSORS For heightened attention when your eyes are on the road ahead, rear-mounted radar detects the vehicles you can't see, while an alert icon appears in your side mirror. And when your attention is directed behind you, Rear Cross-Traffic Alert detects and notifies if a vehicle is approaching while you back up.

SAFETY The RX features 10 standard air bags - driver and passenger; the passenger seat cushion airbag being newly added; curtain shield airbags; driver knee airbag; side airbags for front and rear passengers.

The electric parking brake switch is located on the console. Elimination of parking brake pedal/lever which creates more space. Auto or manual mode can be selected by holding the switch up or down for several seconds.

MORE THAN ENOUGH FORCE TO LEAVE AN IMPRESSION.

The all-new redesign of the 2016 RX is far more than appearance, with a 3.5ℓ V6 engine that unleashes increased output. Enhancements in noise reduction, road noise, vibration, and bump suppression, the RX achieves new levels beyond the current model, helping focus your driving pleasure on the robust power at your disposal.

South African vehicle specifications may differ.

RX 350 Completely redesigned for 2016 with a striking, chiseled exterior; 370 Nm of torque at 4600 – 4700 r/min, 3.5-litre V6 engine with eight-speed automatic transmission.

RX 450h Lexus Hybrid Drive with Atkinson-cycle V6 engine, and an eight-speed automatic transmission. The RX 450h balances innovation, design and conservation. Realising class-leading fuel economy, environmental performance and evolved driving performance that exceeds expectations.

FORWARD-THINKING IN EVERY REGARD

Even as the RX was given a complete redesign, we balanced the innovation with designs on conservation. With Lexus' advanced hybrid technology, the RX 450h delivers enhanced fuel efficiency and clean emissions without compromising on performance.

THE WORLD'S FIRST LUXURY HYBRID GOES FURTHER

Inventing the first luxury hybrid was just the first step to pushing the category further. The 2016 RX 450h announces the next level of hybrid performance. With 230kW of total system output, the RX450h is making big steps forward with a small environmental footprint. The RX 450h offers efficiency with an edge. Featuring a 3.5-litre Atkinson-cycle V6 with Lexus Hybrid Drive.

EXTERIOR FEATURES

**LED HEADLIGHTS**

L-shaped LED daytime running lights are standard on all models. While the RX 450h comes standard with triple-beam LED headlights.

**CORNERING LAMPS**

The cornering lamp provides additional illumination in the direction of travel, at the sides, and ensure excellent pedestrian visibility.

**ACTIVE BRAKE LIGHTS**

Rear light clusters feature an array of LEDs to ensure the RX is highly visible to following traffic. When braking heavily, the brake lights – including the high-level centre LED stop lamp – pulse rapidly to provide an effective warning to following vehicles.

**SUNROOF**

The electric, tilt and slide, glass sunroof lets the desired amount of light and air into the cabin. One-touch control is quick and convenient, while a manual sunblind provides shade as desired.

**ALL-WHEEL DRIVE**

Stay in control and in style with the available Traction Control all-wheel drive. This intelligent system monitors road conditions in real time, automatically shifting engine power between front and rear axles, while 100% of the power goes to the front wheels during normal driving conditions for improved efficiency.

**AUTO-RETRACTABLE AND DIMMING**

The heated door mirrors can be folded in electrically to help negotiate narrow spaces and, when parked, there is less risk of damage. Electrochromatic technology also dims the mirrors to prevent the risk of being dazzled by following traffic.

INTERIOR FEATURES

**LEATHER STEERING WHEEL**

A 3-spoke leather trimmed steering wheel has been ergonomically designed for the RX. It is high-grip and tactile with buttons positioned close to the thumb tips.

**HEATED SEATS (DRIVER AND FRONT PASSENGER)**

The leather seats have a heating function. The driver and front seat passenger have individual controls so that they can both find their ideal comfort levels. This adds to the sense of bespoke luxury and is especially welcome in extreme weather conditions.

**SEAT MEMORY**

All RX models are fitted with multiple electric seat adjustments, drivers can use the memory function to save their ideal driving position.

**UPGRADED CENTRE CONSOLE**

This features an Electro Multi-Vision screen operated via Remote Touch. The full-colour screen displays navigation and other systems such as audio, climate and hybrid energy monitor.

**SEAT ADJUSTMENT**

Both front seats are electrically adjustable using switches located on the side of the seat base, which provides the perfect seating position.

**REAR SEAT**

For your convenience the rear seats can be manually split 60/40.

LEXUS DISTANCE PLANS

INTRODUCTION

Welcome to the growing group of value-conscious people who drive Lexus. We are proud of the advanced engineering and quality construction of each vehicle we build.

The Lexus Distance Plans give you and all Lexus owners peace of mind and fixed-cost motoring. The Lexus Distance Plans are fully supported and approved by Toyota SA Motors. The Lexus Distance Plans are designed to give you, the motorist, a value-added product that supports your needs by containing motoring costs. Lexus Distance Plans offer all customers access to service at any Lexus dealership in South Africa and Lexus dealerships in our neighbouring countries, i.e. Namibia, Lesotho, Swaziland and Botswana.

The Lexus Distance Plans cover all your normal operating condition services up to 4 years/100 000 km. All servicing must be carried out according to the specified service intervals stipulated in the vehicle's Book of Life to ensure that the Distance Plan and the vehicles warranty remains valid.

All Lexus owners have an option to upgrade the Lexus Distance Plans. Lexus offers our customers various options in terms of choice of cover, depending on individual requirements.

Please feel free to contact your nearest, Lexus dealer for the various options to upgrade your Distance Plan. We at Lexus appreciate and value your support and aim to make vehicle ownership a positive experience for all our customers. Please read on to familiarise yourself with the Lexus Distance Plan.

INCEPTION DATE OF PLAN

The inception date of the Lexus Distance Plans will be the same as the vehicle's warranty inception date. The same will apply to all demonstration vehicles sold by a Lexus dealership.

WHAT DOES THE LEXUS DISTANCE PLAN COVER?

- Covered:
- All manufacturer-specified services (normal schedule) up to 4 years/100 000 km, which ever occurs first (*1).

WHAT DOES THE LEXUS DISTANCE PLAN PLUS COVER?

- Covered:
- All manufacturer-specified services (normal schedule) up to 4 years/ 100 000 km, whichever occurs first (*2).
 - Front disc brake pads (limited to 5 sets).
 - Rear disc brake pads (limited to 3 sets).

WHAT DOES THE LEXUS DISTANCE PLAN COMPLETE COVER?

- Covered:
- All manufacturer-specified services (normal schedule) up to 4 years/100 000 km whichever comes first.
 - Mechanical components – repaired or replaced due to normal wear and tear.

WHAT IS NOT COVERED BY THE LEXUS DISTANCE PLANS?

- Not Covered:
- Obtaining fuel
 - Engine top-up oil and other lubricants and service items required between routine servicing of the vehicle
 - Tyres, wheel alignment and wheel balancing
 - (*1) Maintenance repairs of wearing items for Distance Plan (e.g. brakes, clutch, exhaust, battery, etc.)
 - (*2) Maintenance repairs or wearing items for Distance Plan Plus (e.g. brake discs, brake callipers, clutch, exhaust, battery, etc.)
 - Non-Lexus-approved additives
 - Paint/body/trim repairs
 - Accessories
 - Unreasonable requests
 - Alterations and modifications
 - Driver abuse/negligence or unreasonable use including any form of competition

- Insurance-related claims and repairs
 - Accident damage
 - Rattles and squeaks
 - Cleaning of fuel system
 - Cracked or broken glass
 - Expenses incurred at non-Lexus dealers
 - Flood, riot, weather and fire damage
 - Engine tuning
 - Repairs or damage as a result of non-compliance with service requirements or warranty obligations
 - Damage incurred through the vehicle having been driven with insufficient engine lubricants or coolant
 - Any claims arising outside the borders of South Africa, Namibia, Lesotho, Swaziland or Botswana
 - Items requiring replacement as a result of severe operating conditions will be for the customer's account. The severe operating schedule is not covered in any of the Distance Plans
- NB: Consult your Lexus dealer for more information on your vehicle's warranty terms and conditions.
